Product Portfolio

Wide range of power and control switchgear products as well as industrial automation products.

Industry Solutions

Serving manufacturing, power, oil & gas, utilities, and construction

Reliable Expertise

Trusted for quality, technical precision and timely delivery.

Trusted Partnerships

More than a supplier—we build long-term relationships

WHY CHOOSE US?

- Power and control automation expertise
- We deliver
- Trusted products

About Our Company

We provide reliable electrical and automation products, delivering quality solutions that support industrial and commercial clients with performance and innovation.

CONTACT US

Unique Controls, AL BARSHA FIRST BUILDING (373-408), Al Barsha First, Dubai, UAE

ABOUT US

UNIQUE CONTROLS, a dedicated trading enterprise specializing in high-quality electrical and automation products has become a reliable source for premium components and solutions that support the evolving needs of industrial and commercial clients.

We offer a comprehensive portfolio of products, control and automation systems, fuses, sensors, process and thermal solutions, low and medium voltage switchgear components, motion controllers, PLCs, HMIs, sourced from reputable global manufacturers known for innovation, service and reliability.

We serve industries such as manufacturing, power generation, construction, oil & gas, and utilities, ensuring our clients have access to world-class products backed by expert support. With a focus on quality, reliability, and technical precision, we bridge the gap between leading global manufacturers and the growing demands of modern infrastructure and industrial systems.

Driven by a customer-centric approach, UNIQUE CONTROLS great importance lies on responsive service, technical expertise, and timely delivery. Our mission is to be a dependable supply chain partner, enabling our clients to operate with confidence and efficiency.

Built on a foundation of integrity, professionalism, and long-term partnerships, we aim to be more than just a supplier—we strive to be a trusted partner in your success.

 Power and control switchgear

 Fuses

 Sensors

 Process

 Thermal

HUMAN MACHINE INTERFACE(HMI)

- Touch screen interfaces
- Biometric interface
- HMI software
- Communication
- Keypad

MOTION & DRIVES

- Variable frequency drives
- Servo motor
- Soft starters
- Motion controllers

THERMAL SOLUTIONS

- Manufacturing
- Oil & Gas
- Pharmaceuticals
- Food & Beverage
- Power Generation

HAND AND POWER TOOLS

- Mechanical and hand operated power tools
- Battery powered and foot operated power tools
- Crimping and cutting tools
- Measuring tools

SAFETY COMPONENTS

- Safety light curtain sensor
- Emergency pull wire switch
- Safety limit switch, mats and relays

HEAVY EQUIPMENT SPARE PARTS

- Crusher parts
- Drilling tools
- Cutting edges
- Under carriage components

FILTRATION SYSTEM

- Hydraulics
- Oil and gas
- Material handling
- Food and beverage

HOSES , COUPLING AND ACCESSORIES

- Rubber, petroleum, steam and chemical hoses
- Industrial PVC hoses and spring hoses
- Hose, tubing, fittings and connectors - aerospace
- Coupling, joints and valves
- Seals, bearings and dredging hoses
- Pneumatic valves
- Valves, manifold, rings and gaskets

POWER AND CONTROL SWITCHGEAR COMPONENTS

- Air circuit breakers (ACB)
- Molded case circuit breaker (MCCB)
- Earth leakage circuit breaker(ELCB)
- Miniature circuit breakers(MCB)
- Variable frequency drive(VFD)
- Soft starters
- Power contactors and overload relay
- Switch disconnectors(isolators and non-auto)
- Residual Current Circuit Breaker with overcurrent protection (RCBO)
- Manual changeover switches
- Automatic transfer switches (ATS)
- Current and potential transformers.
- Distribution boards ,split type , non split and Pan assembly systems

ELECTRICAL PROTECTION AND CONTROL

- Under voltage relay
- Modular contactors
- Timers - 24 hrs staircase, astronomical
- Terminal blocks
- Plug in electromechanical relay
- ELR
- CBCT
- Power supplies
- Ethernet switches and tools
- Energy meters
- Temperature controllers
- Multifunction timers
- Digital meters - VAF, voltmeter, ammeter, multifunction

POWER QUALITY AND POWER FACTOR CORRECTION

- Capacitors
- Harmonic reactors
- Power factor regulators
- Capacitor contactors

FUSES

- Industrial and motor application fuses
- Modular and cylindrical fuses
- NH fuses
- Time delay and fast acting fuses

SENSORS & LIMIT SWITCHES

- Photo electric sensors
- Encoders
- Proximity sensors
- Safety barriers
- Ultrasonic sensors

SWITCHGEAR PANEL ACCESSORIES

- Copper busbar
- Dinrail
- Trunking
- PVC, bakelite, polycarbonate, acrylic and engraving sheets
- Insulators - conical and hexagonal
- Busbar sleeves & wire end sleeves
- Neutral link
- Copper bush
- Meter window

ELECTRICAL ENCLOSURES AND CLIMATE CONTROL

- Enclosures
- Hazardous location enclosures
- Air conditioners
- Cooling fan and filters
- Heat exchangers
- Coolers
- Heaters
- Thermostat
- Hygrostat

POWER SUPPLIES AND CONTROL TRANSFORMERS

- Switched-Mode Power Supplies (SMPS)
- Uninterruptible Power Supplies (UPS).
- AC and DC Power Supplies
- Redundancy modules
- UPS batteries
- Class 2 transformers, general purpose transformers, and autotransformers
- Single phase transformers 25VA to 2500VA

PROGRAMMABLE LOGIC CONTROLLERS (PLC)

- Fixed or Compact PLCs
- Modular PLCs
- Rack-mounted PLCs
- Safety and micro PLCs

EATON CROUSE HINDS SERIES

- Industrial / Explosionproof
- Fittings and cable gland
- Plugs and receptacles
- Signalling and communication devices
- Instrumentation and commercial products
- Airport lighting

Make the energy change
